

Mo Brown's Bodega

A New Variety Entertainment Comedy Show!

Mo Brown's Bodega! Your One Stop Shop for Entertainment!

Fresh faced Multimedia Entertainer Mo Brown stars in the new variety entertainment comedy and hosting show 'Mo Brown's Bodega'. Take a look into the mind of Mo Brown as she explores the world as she sees it through a combination of sketches, characters, man on the street interviews, spoofs, satire, music videos, pop-culture staples, hosting, live segments and instant pet peeves. Follow Mo Brown's journey as we enter her world of intensified situations that lead to the most absurd actions, interactions and extremities. The hi-jinks in Mo Brown's Bodega are hysterical with a seamless combination of the fearless antics of The Chappelle Show and the impeccably timed improvisations of Mr. Bean and Funny Or Die's Billy On The Street. Mo Brown's personality is magnetic, captivating audiences and keeping them entertained with a variety of talents, including a mastery of character play, reminiscent of a young Maya Rudolph from Saturday Night Live. From coconuts on the beach to the New York City streets, follow Mo Brown on a journey where funny meets fabulous as she navigates the world through the most absurd situations and the most extreme personalities with lots of laughs guaranteed.

In New York City, the local bodega is where you can pop in to get your favorite bag of chips, kitty litter, a hero sandwich, and even toe nail clippers in one shot, and Mo Brown's Bodega is no exception as your "One stop shop for entertainment!"
